

Game Development Committee - Appointment

RESOLUTION

- The Board approves the appointment of Richard Garcia to the Game Development Committee.

ISSUE

- The Game Development Committee (GDC) requires additional members following the withdrawal of Mich D'Avray.
- Football West have approached Richard Garcia to gauge his interest in joining the GDC. Richard has received Terms of Reference and understands the expectations of the role. He has flagged his interest in being a part of the Committee.

BACKGROUND

Richard Garcia would be a valuable member of the Game Development Committee for the following reasons;

- **Diverse Playing Experience:** Garcia's professional career spans across multiple continents and leagues, including the Premier League, A-League, and the Championship. This exposure to various styles and levels of play equips him with a deep understanding of the game's technical and tactical aspects, beneficial for developing strategies and programs at different levels of football in Western Australia.
- **Youth Development Insight:** Having started his career in Perth and then moving to the West Ham United Academy, Garcia understands the pathway from local grassroots to international football. This insight is crucial for shaping effective youth development programs, ensuring that young talents in Western Australia have the guidance and opportunities to reach their full potential.
- **International Perspective:** With experience in international competitions, including the FIFA World Cup, Garcia brings a global perspective to the committee. This knowledge is vital in aligning Western Australia's football development with international standards and practices.
- **Coaching and Mentoring Skills:** Transitioning from a player to a coach, Garcia has demonstrated his ability to mentor and develop players. His coaching experience, particularly in Western Australia with Perth Glory, makes him well-equipped to advise on coaching methodologies and player development strategies.
- **Community Connection:** Being a Perth native and having played for Perth Glory, Garcia has a strong connection with the local football community. This bond is essential for understanding and addressing the unique needs and aspirations of football in Western Australia.
- **Empathy and Understanding of Players' Needs:** As someone who has navigated the challenges of a professional football career, Garcia can empathise with players at various stages of their careers. This understanding is invaluable in shaping policies and programs that support player welfare and career development.

CURRENT SITUATION

- Football West has reached out to Richard Garcia to assess his willingness to join the GDC. Richard has reviewed the Terms of Reference and is aware of the role's responsibilities. He has indicated his interest in becoming a member of the Committee.
- The Board is required to approve appointments to the Game Development Committee.
- The Game Development Committee have considered the application and are supportive of the appointment.
